Micro Student Paper. Here is a good Example of an Unknown Lab Report in Microbiology. All sections including Intro, Results, Methods and Conclusion. The branches of microbiology can be classified into pure and applied sciences, or divided according to taxonomy, as is the case with bacteriology, mycology, protozoology, and phycology. There is considerable overlap between the specific branches of microbiology with each other and with other disciplines, and certain aspects of these branches can extend beyond the traditional scope of ...
