"HEREDITY AND THE AETIOLOGY OF THE NEUROSES". The seduction theory has often been called into question in the course of the history of psychoanalysis, from Freud's abandonment of his "neurotica" in September 1897. Taken up again by S á ndor Ferenczi in 1932, then by his disciples, the theory has also seen polemical use, by Jeffrey Masson in 1984. 'Heredity and the Aetiology of the Neuroses' is a psychological essay on the causes of neuroses. Sigismund Schlomo Freud was born on 6th May 1856, in the Moravian town of P?řbor, now part of the Czech Republic.
