

Download Interqual Guidelines Inpatient Hospitalization

intravenous diuresis for another 12 to 24 hours. Inpatient admission order is written based on the expectation that the patient will require at least 1 more midnight in the hospital for medically necessary hospital care.

12/9/2013 • 10:00 am - The patient's acute CHF exacerbation is resolved and she is discharged home. In cases where inpatient criteria are not met, Security Health Plan will not reimburse for the inpatient DRG, per diem rate (Critical Access Hospital), or physician services. Security Health Plan has identified some hospital admissions that do not meet inpatient InterQual criteria. InterQual® Guidelines for Surgery and Procedures Performed in the Inpatient Setting. The following new procedures are appropriate for the inpatient setting based on InterQual® Procedures Criteria: General - Thyroidectomy, Partial or Total. Radical Neck Dissection; Sternal Split; Transthoracic; Neurologic & Spine - Decompression +/- Fusion, Cervical. Are hospitals bound by InterQual criteria when determining patient status? Patient Financial Services Weekly Advisor, June 21, 2007

Q: I have a question about what to do when a physician writes orders to admit a patient to the hospital as an inpatient, but the patient did not meet InterQual criteria for inpatient status.
