Parenting Matters: Supporting Parents of Children Ages 0-8 (2016) Chapter: 5 Targeted Interventions  
Supporting Parents of Children with Special Needs, Parents Facing Special Adversities, and Parents Involved with Child Welfare Services? Young people go through many 'first time' experiences from which they develop the skills to cope with the changes and challenges of life. Usually they cope well with these experiences but sometimes when transitions are major, they can be affected emotionally, physically, psychologically or intellectually and will require support during this time. QUESTION: What does the research say regarding educational achievement by students with children? Summary Research indicates that teenage parents experience reductions in their educational attainments compared to teenagers who are not parents. Argumentative essay about school uniform, how to write instructions for students
